

Danny Tabares

Visual Designer & Technical Drafter

Houston, TX 77066 | 832-207-3748 | irving.d.tabares@gmail.com

<https://www.linkedin.com/in/danny-tabares/> | Portfolio: <https://danny-tabares-portfolio.netlify.app/>

Detail-oriented and bilingual Visual Communications and Web Design graduate with a strong foundation in modern front-end structure (HTML5/CSS3), mobile-first responsive architecture, and digital system troubleshooting. Proven ability to translate complex conceptual layouts and parameters into clean, interactive, and fully validated web assets. Leveraging formal certifications in both digital layout coding and AutoCAD technical drafting to bring immense data precision, layout layer management, and systematic problem-solving to a creative design team.

EDUCATION & CREDENTIALS

Lone Star College

Associate of Applied Science (AAS) - Visual Communications	June 2026
Web Design Level 2 Certification	June 2026
AutoCAD Draftsman Certification	December 2024

University of Houston

Computer Engineering Technology coursework	2018 - 2022
--	-------------

TECHNICAL SKILLS & COMPETENCIES

- **Web/Digital Design & Development:** UI/UX Front-End Layouts (HTML5, CSS3), Visual Communications, UI/UX Wireframing, Adobe Creative Cloud (Photoshop, Illustrator, Animate).
- **Multimedia Production:** Multi-Track Audio Engineering (Cakewalk, Audacity), Video Editing & Motion Graphics (CapCut), AV Recording & Field Production.
- **Systems & Technical Engineering:** Ubuntu LAMP Server Management, Computer Hardware Diagnostic Troubleshooting & Repair, Scripting Fundamentals (Python, C++), Hardware Breadboarding, AI-Assisted Development, Electrical & Plumbing Schematic Interpretation.
- **Digital Strategy:** Inbound Social Media Strategy, Multimedia Content Management, Analytics Optimization
- **Drafting & Design:** AutoCAD (2D Technical Layouts, 3D Solid Modeling), Geometric Dimensioning, Layer Management, Sectional Views, Orthographic Projection.

PROFESSIONAL EXPERIENCE

Mechanical & Maintenance Pool Technician
Tabares Blue

Houston, TX
Sept. 2018 – Present

- Diagnose, troubleshoot, and maintain complex residential electrical, structural, and hydraulic plumbing systems.
- Manage precise chemical equilibria and execute technical maintenance parameters under strict safety guidelines.
- Direct stakeholder and client communications to assess project scope, quote services, and ensure high operational satisfaction.

Computer Repair Technician
Securranty

Houston, TX
2021

- Applied advanced logical troubleshooting workflows to diagnose and resolve systemic hardware and software malfunctions.
- Deconstructed, repaired, and reassembled intricate consumer electronics circuitry and micro-components.

Computer Repair Technician
CSAT Solutions

Houston, TX
2020 – 2021

- Executed high-volume hardware diagnostic testing and configuration repairs on enterprise computer systems.
- Maintained strict quality assurance standards while tracking technical repair logs in a fast-paced environment.
